November 15, 2017

Dear Friends,

We, at Food For Thought, are proud of our accomplishments which are a direct result of your continued support. As we move into winter, we take time to reflect on the past year and look forward to the New Year ahead.

Food For Thought's backpack program provides each participating child with enough food for the weekend. Last year, we distributed **11,371** bags of food that contained **45,484** meals. During the summer, we provide free lunches to children in need at two locations in Carson City. During summer 2017, we served **6,434** meals and **3,202** snacks. This would not be possible without the support of individuals like you.

Food For Thought is local, and our focus is simple: the prevention of Carson City area children from going hungry on weekends and during summer. We are responsible with your money, spending almost all of it at local stores, where it is reinvested back into the community. To ensure your dollars are spent on children in need, Food For Thought benefits from amazing community volunteers, without whom we would be lost. We also partner with incredible teachers and school administrators who work with us to ensure that children in need of food receive it.

**What does all this cost? Five dollars per child per weekend, that's it!**

This seasonal letter campaign is our biggest single fundraiser. This letter is to ask for your support so that we can continue preventing hunger in our community. We survive on financial donations from individuals and businesses in our area, and we hope we can count on your continued support.

Please make a generous tax-deductible donation today, so we can help local children focus on being good students and not worrying about their next meal. Please give what you can, every dollar counts.

With our thanks,

Marlene A. Maffei  
Executive Director
